“ Only knew Clint for a short while. We meet working on a project with Jack. Clint was one of a kind and a big man. We had conversations about everything. He enjoyed working so much. We told many stories and just had a big laugh. I am going to miss seeing Clint on construction project and know that I will see him again some day. My thoughts and prayers are whit Clint's family and friends. May God bless and keep you Clint. Until we meet again my friend.

“ I met Clint many years ago when he was working for Richardson construction. Clint was one of those guys that always had a smile on his face. We always took the time to stop and chat with each other either on the road or on the job site. Clint was a mountain of a man a gentle giant. I ran into Clint just a couple weeks ago in a parts store. As soon as we made eye contact he made his way to me with his hand out as I braced for that powerful handshake. I ask him how he liked working for the Sox family and he looked me in the eye and said Tim I love my job. He said these people treat me like family. Clint was a true friend and will never be forgotten. One of my funniest memories with him is when he had pulled a machine up to Virginia for me many years ago. I said Clint let's walk over to the steak house and have dinner before you leave to go back home. He ordered him a big steak dinner and we sat there and eat, laughed and shared some old memories. Goodby my friend till we meet again.

“ I'm so sorry to hear about the passing of Cousin Clint. I remember him making his mouth really big and talking in a silly voice (maybe like a frog). Mom really thought a lot of him.

“ My thoughts and prayers to all the Walker family. Clint was a wonderful man, a true friend to all he will be missed dearly. There will always be a special place in my heart for Clint. The day he came into my life as an employee was truly a blessing to me, my family and my Sox & Sons family. It didn't take long for us to become friends and what a special friend he became to our whole family. Clint had a special way about him that was one of a kind. He like to do things his way and you did not tell him any different. He was a smart man there was nothing this man couldn't do, if it was broke

he fixed it. He could drive the wheels off any he drove, I would get a kick out of asking him to see if he could back the lowboy in a tight spot or can you dump the load over here and he would always say you stand where you want it and I'll put it there no explanation needed. We are all going to miss you Clint until we meet again brother rest in peace love you man!!!! Love Jack Sox and family.
